2.0T, 2.5T, 2.9, T6		29 (6.4) Petrol

- (i) Liquefied Petroleum Gas.
- (ii) Compressed Natural Gas.
- (iii) These results do not express or imply any guarantee of the fuel consumption of a particular car as there are inevitable differences between individual cars of the same model. Additionally driving style, traffic conditions, as well as the age and mileage and standard of maintenance will affect a car's fuel consumption.
- (iv) The Urban fuel consumption figure is based on typical city driving, including starting the car from cold. The Extra Urban figure is based on typical motorway driving and cruising. The Combined figure averages the consumption across both cycles.
- (v) For best performance and lowest fuel consumption 98 RON is recommended. 95 RON can be used for normal driving.
- (vi) Unbraked towing weight must not exceed 50% of kerb weight up to a maximum of 750 kg.
- (vii) Figure quoted without sunroof.
- (viii) 2.9 and T6 only available with Geartronic.

**Notes**  
All weights for any specific vehicle will vary according to standard and optional equipment fitted.  
A weighbridge must be used to determine specific weights.  
Data valid for manual transmission unless specified.  
All measurements in mm.

NB Some of the information in this price list may not be correct due to product changes which may have occurred since it was printed. Some of the equipment described or shown may now be available only at extra cost. Before ordering, please ask your Volvo dealer for the latest information. The manufacturer reserves the right to make changes at any time, without notice, to prices, colour, materials, specifications and models.
